CLASSROOM NEWS

April is officially upon us and to think we only have 8 weeks of school left is crazy!

This month our units will consist of "Ocean", "Beach Week", "Frogs and Ponds" and "Lady Bugs". Our learning objectives will focus on following instructions, listening first then asking questions, positional awareness as well as content retention specific to our units above. If you haven't had a chance yet, I encourage you to ask your children about our "Weather" unit from last month; specifically about lightning and what we learned. They were so engaged and eager to learn.

REMINDERS

Lisa had sent out a Procare message, but as a reminder, we will attempt to go outside everyday so long as it is above 32 degrees and not raining. With that in mind, be sure to dress your child appropriately and pack hats and gloves.

TO-DO

We use our playdoh one time and dispose of it to better mitigate germs. With that said, I will continue to ask for volunteers to make more as the children love it!
