- 2/13 – no school
- 2/16 – no school
- 2/18 & 2/19 – Chapel
- 2/23 – magic Monday
- 2/27 – no school

Classroom News

In February our themes will be fairy tales, Valentines, rainbows, and we will end the month with Dr. Seuss.

The letters we will focus on will be Kk, Aa, and Mm.

In February we will also learn about the number 7, hearts, and the colors pink and purple.

February 11th and 12th will be our Valentine's Day parties. We will decorate bags for our Valentines and do some fun Valentine activities. Please have your child bring in a Valentine for each child in our class. These can be handmade or store bought, it is up to you. We have 13 students in our penguin class and 7 students in our polar bear class. There is no need to put "to" names on the Valentines as it is easier to hand out if they don't have to match up the names. Please do help your child sign their name to each valentine. This is an excellent opportunity for them to practice writing their name from left to right, beginning with a capital followed by lowercase letters. It can be a good idea to spread this out over a few days rather than trying to do all of them at once.

February 26th and 27th will be our class's conference days. Please note, there is no school Friday, February 27. Conferences will be 10-minute time slots. Watch for more information about signing up for a time.

Graduation Pictures

Graduation pictures for children who are planning on moving on to Kindergarten next year will be Friday, February 6th. (This is not a day polar bears are in attendance. Polar bear families, you are welcome to bring your child in anytime from 9-10 am to get their picture taken.) If you are unable to make it that day, we can have the photo taken during our spring picture day in April.

"If you want your children to be intelligent, read them fairy tales. If you want them to be more intelligent, read them more fairy tales."
