FEBRUARY

CLASSROOM NEWS

In January, the class really enjoyed learning about pets and bringing stuffed animals for teddy bear week! It was fun watching the class take care of stuffed animals using the veterinarian center we had set up. They checked the animals' hearts, checked temperatures, and gave shots/medicine if needed!

In February, we will learn about weather, friendship, hearts, and dinosaurs. We will really focus on ways to be a kind friend.

We are continuing to practice spelling names, writing names, and cutting. One way we have been building those fine motor skills is by tearing paper. This is a great activity to do at home too! Parent-teacher conferences will be at the end of the month. Look for sign-up information soon.

REMINDERS

Please remember to check your child's folder daily.

EVENTS

4th- Chapel

11th- Friendship Party
