CLASSROOM NEWS

We made it to the final month of school! I have enjoyed getting to know your children and watching them grow throughout the year. I have witnessed so much growth- physically, academically, and social-emotionally.

This month we will continue to learn about bugs and butterflies then move on to camping, and Summer fun. We had fun watching the caterpillars eat and grow and form a chrysalis. Now we are patiently waiting for the butterflies to emerge and eventually release them .

I hope that everyone has a fun and safe Summer!
